

Technical Datasheet

Product: MicroTube Rack System (sometimes known as Cluster Tubes)
Part No: STN-0933-01B
Comments: Deep-well microtiter plates with removable wells,

Specification

Product: • MicroTube Rack System, Single Tubes in bulk packs

Dimensions: • 9mm Ø x 33mm

Colour, Optical Quality: • Natural, virgin, PP, translucent

Graduation: • No

Nominal Capacity: • 0.65ml

Material / Characteristics: • Natural Polypropylene (PP), free of heavy metal or additives
• Autoclavable at maximum 121°C
• Use temperature -20°C up to 90°C

Product Characteristics: • Biologically inert
• Physiologically harmless / non-toxic
• RNase, DNase, DNA and Pyrogen-free

Packing: • 960 Tubes/Bag
• 5 Bags/Case
• Case specifications: 30.9 x 25.1 x 24.8cm; 3.65kg; 0.02cu.m

Storage: • In dry condition
• Storage temperature +4°C to maximal 25 °C
• Pallets should not be stacked

Conformities / Regulations: • When used in compatible racks, conforms to the SBS footprint/configuration compatible with robotic workstations, multichannel pipettors, and auto-sampling instruments
